

# SPIT STOP

STAY HEALTHY!

## PARTITION WALLS & ACCESSORIES FOR PROTECTION AGAINST INFECTIONS

Dear customers and business partners,

We would like to support you, your employees and customers in your daily work and protect you from possible infections with our products.

In addition to our **partition wall systems** made of acrylic glass to prevent **droplet infection** we offer you additional accessories like **trays for the touchless transfer** of goods, forms or money as well as **notice boards**, **information displays** and **disinfection dispensers** with which you inform your customers and ask for assistance in implementing the hygiene regulations. We are also happy to offer you the possibility to have **customized designs** developed and produced by us.

We are happy to advise you personally.  
Please contact us:

## PARTITION WALL SYSTEM FOR WORKING AND MEETING TABLES

With the modular partition wall system SPITSTOP MEET & WORK you can equip your work and meeting areas flexibly and in accordance with your personal requirements with free-standing partition walls to protect against infections.

The system consists of partition panels and side panels in different sizes and can be combined with each other as required. Thanks to cut-outs for cable routing for EDP and telecommunications and pass-throughs for documents in the lower part, joint meetings and work can be organized in the best possible way.

## DWR MOBILE PARTITION WALLS & ROOM DIVIDERS

The moveable partitions made of transparent acrylic glass can be set up in a mobile way and thus enable the separation of individual areas without obstructing the view into the room or equipment. This makes them ideal for the various departments at gyms, as they are also easy to clean and disinfect.

## TRAYS

With our trays you can hand over goods, forms or money to your customers without contact. They are available in 2 different size and made of acrylic glass which is easy to clean.

WITHOUT CONTACT

EASY TO CLEAN

for goods, forms or money

### BPT 1

Tray made of acrylic glass, polar white, for the touchless transfer of goods, forms or money

Dimensions: 276 x 22 x 160 mm

M2/20.03.47.00 **25,00 €**

BPT 1

### BPT 2

Tray made of acrylic glass, polar white, for the touchless transfer of goods, forms or money

Dimensions: 335 x 22 x 250 mm

M2/20.03.47.01 **35,00 €**

BPT 2

## DISINFECTION & DISPOSABLE MASKS

We would like to support you in your daily work with further products around the topic of hygiene and prevention. You can also find the entire product range in our online shop.

## HYGIENE & PREVENTION

### Disposable face mask

Mouth and nose protection, 3-layer, effectively blocks splashes and dust and thus contributes to increased safety. With elastic ear flaps and adaptable nose bridge. For single use only. Material: non-woven & filter material, breathable.

Dimensions: 175 x 95 mm

50 pieces: M2/33.11.10.00 **42,50 €**

### Automatic disinfectant dispenser

Automatic dispenser with infrared induction technology (induction time: 0.25 s) for liquid and viscous soaps and disinfectants. When the hands reach the detection area (the detection distance is 0-5 cm), a portion of liquid is automatically dispensed.

Dimensions: 75 x 195 x 100 mm

M2.33.10.10.00 **34,50 €**

### Surface-disinfection

Ready to use disinfectant solution, non-foaming, for decontamination of surfaces. Surface disinfection for hygienic cleaning of all alcohol-resistant surfaces. With integrated skin protection.

Quantity: 1000 ml

M2/33.15.00.00 **13,95 €**

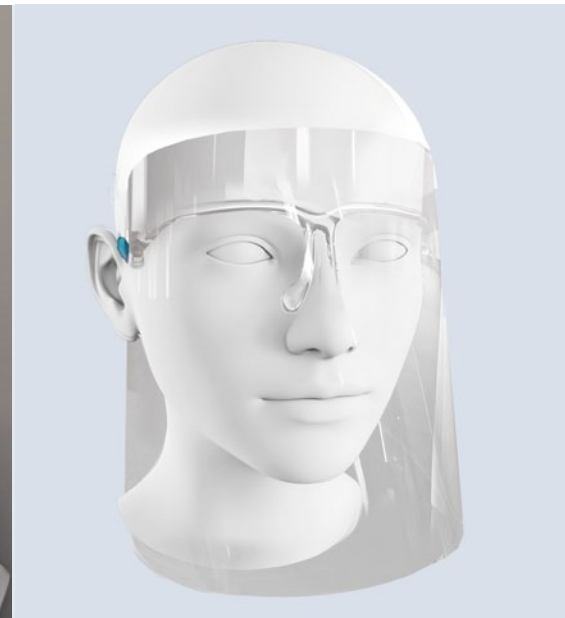

### Hand-disinfection

Disinfectant solution for decontamination of the hands with integrated skin protection. Non-foaming disinfectant solution without subsequent drying and without residues, eliminates odours.

Quantity: 1000 ml

M2/33.10.00.00 **29,90 €**

## FACE SHIELDS

With our face visors made of light and disinfected plastic, direct droplet contamination during daily work can be prevented. Due to the exchangeable, flexible and non-splintering foils, the face visors offer a perfect barrier to other people, but do not pose a risk of injury.

also suitable for spectacle wearers

### FACE VISOR FSG

FSG face visor consisting of:  
Frame made of polycarbonate,  
with visor made of transparent  
film (APET), for easy self-assembly

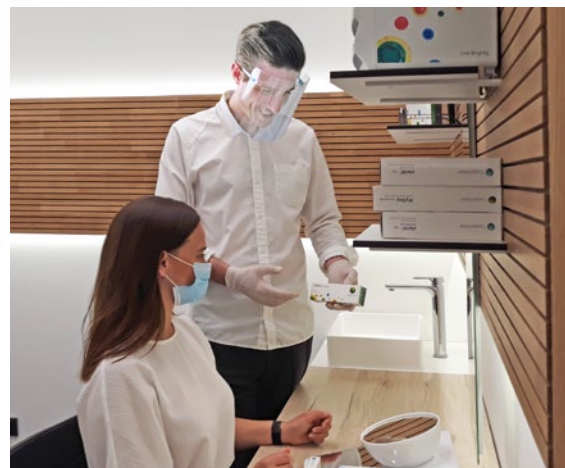

Dimensions (W x H x L):  
approx. 200 x 200 x 150 mm  
Weight: 28 g

M2/33.11.00.04

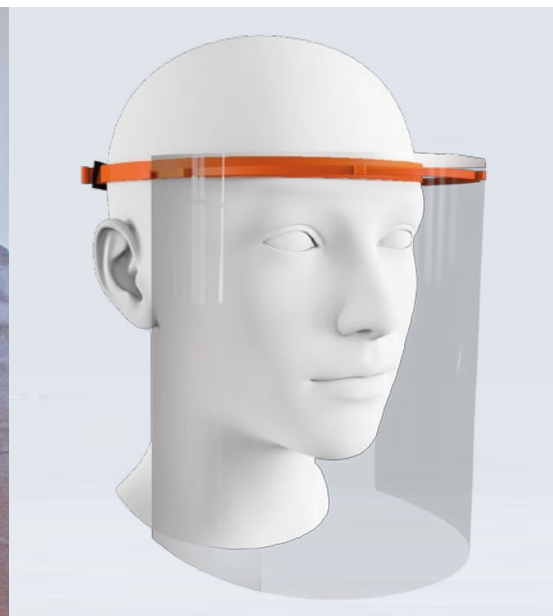

8,95 €

FACE VISOR FSG

**easily exchangeable foils**

**FACE SHIELD PROTECTS  
AGAINST DIRECT  
DROPLET CONTAMINATION**

FACE VISOR FSO

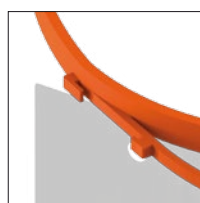

#### FACE VISOR FSO

FSO face visor consisting of:  
Frame made of medical plastic,  
4-punched binding cover (plastic  
disc 200 µ) and flexibly adjustable  
button elastic (18 mm).

Dimensions (W x H x L):  
145 x 212 (incl. shield) x 191 mm  
Weight 35 g

M2/33.11.00.00

**8,95 €**

#### REPLACEMENT FILM

Replacement foil for face shield,  
transparent, with 4-fold perforation,  
suitable for FACE VISOR FSO

Thickness: 200 micron  
Format: DIN A4

M2/33.11.01.00

10 pieces: **0,40 € / piece**  
25 pieces: **0,38 € / piece**  
50 pieces: **0,35 € / piece**

#### SIMPLE EXCHANGE OF THE FOILS

You can change the face shield at any time  
with a few simple steps. You do not have  
to buy expensive replacement foils.

The receptacle is designed in such a way  
that they can be replaced by simple DIN A4  
foils. To do this, the foils only have to be  
punched on both sides with a standard hole  
punch (set to DIN A6). We can also supply  
you with pre-punched foils.

## UVC LED LIGHT = PERFECT ALTERNATIVE FOR SURFACE DISINFECTION!

Our sterilization products with short-wave UVC light have a photolytic effect on DNA and microorganisms such as bacteria, germs and certain viruses cannot replicate. Based on this principle, our new UVC LED sterilization products allow you to clean your surfaces and objects dry and without chemicals - the perfect alternative for surface disinfection!

## STERILIZATION WITH UVC LED LIGHT

**Wavelength: 260-280 nm**

UVC-S POCKET

### UVC-S POCKET | Mini sterilizer with battery

Portable mini sterilizer with UVC LED technology for cleaning surfaces and small objects such as face masks, keys, glasses or telephones - to be used in mobile mode or as a standalone unit with fold-out feet. Compact pocket size and including safety sensor when tilted upwards.

Dimensions: 140 x 17 x 69 mm  
Weight: 200 g

Technical data:  
Battery: 1000 mAh  
Power: 4W  
Nominal voltage: 5V - 800 mA  
Wavelength: 260-280 nm  
Connection: Micro-USB  
UVC LED lifetime: 10,000 hours

M2/33.59.00.00 **39,00 €**

### UVC-S CASKET | Sterilization box

Box for the sterilization of any kind of objects like masks, glasses, tools, scissors, cosmetics, smartphones or others based on UVC LED light. With 180 second timer and voice signal as well as safety shutdown when the lid is opened.

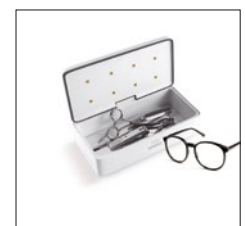

Dimensions: 216 x 70 x 105 mm  
Weight: 420 g

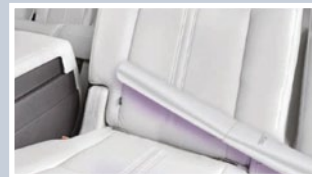

Technical data:  
Input: 10 V - 700 mA  
Wavelength: 260-280 nm  
Connection: Type C USB  
UVC LED lifetime: 10,000 hours

M2/33.59.00.01 **79,00 €**

UVC-S CASKET

### UVC-S BLADE | Sterilizing wand

Portable and rechargeable hand sterilizing wand, fold-out, for sterilizing all surfaces such as keyboards, instruments, door handles, elevator buttons, toilet seats, pillows, blankets etc. with UVC LED light. Safety goggles and storage bag included, with child safety lock and safety sensor when tilted upwards.

Technical data:  
Battery: 2500 mAh  
Power: 9W  
Nominal voltage: 5V – 1.000 mA  
Power supply interface: Micro-USB  
Wavelength: 260-280 nm  
UVC LED lifetime:  
10,000 hours

Dimensions: 257 x 40 x 42 mm  
Weight: 210 g

M2/33.59.00.02 **119,00 €**

UVC-S BLADE

UVC-S CASE

### UVC-S CASE | Sterilization bag

Portable sterilization pouch with UVC LED light technology for sterilization of any objects such as masks, glasses, tools, scissors, cosmetics, textiles or others based on UVC LED light. With magnetic flap, zipper, 180 second timer and acoustic signal, including power supply.

Technical data:  
Input: 24 V – 750 mA  
Wavelength: 260-280 nm  
Connection: DC  
UVC LED lifetime:  
10,000 hours

Dimensions: 240 x 160 x 195 mm  
Weight: 620 g

M2/33.59.00.03 **159,00 €**

### UVC-S CADDY | Sterilization container

Portable sterilization container with UVC LED light technology for sterilization of all objects in the field of work, household, outdoor, clinics, restaurants etc. In addition to a sterilization program, there is also a program for deodorization and Smart Drying with temperature control. With 180 second timer and acoustic signal, including power supply.

Technical data:  
Input: 18 V -1.500 mA  
Connection: USB-C  
Wavelength: 260-280 nm  
UVC LED lifetime:  
10,000 hours

Dimensions: 302 x 154 x 269 mm  
Weight: 1,95 kg

M2/33.59.00.04 **219,00 €**

## ROOM AIR PURIFIERS WITH UVC LED AND FILTER SYSTEMS

## AIR CLEANING WITH UVC LED & FILTER

Our new room air purifiers are ideally suited for business premises, surgeries, meeting and training rooms, catering facilities and much more.

Our new air purifiers clean the air in the room from infectious aerosols, viruses, bacteria, germs and allergens. The contaminated air is sucked in and after cleaning is released back into the room by means of highly effective UVC LED light and filters (HEPA & activated carbon). The air purifiers reduce the accumulation of infectious aerosols in the room air and thus prevent a constantly increasing infection pressure.

Renew air for 8m<sup>2</sup>

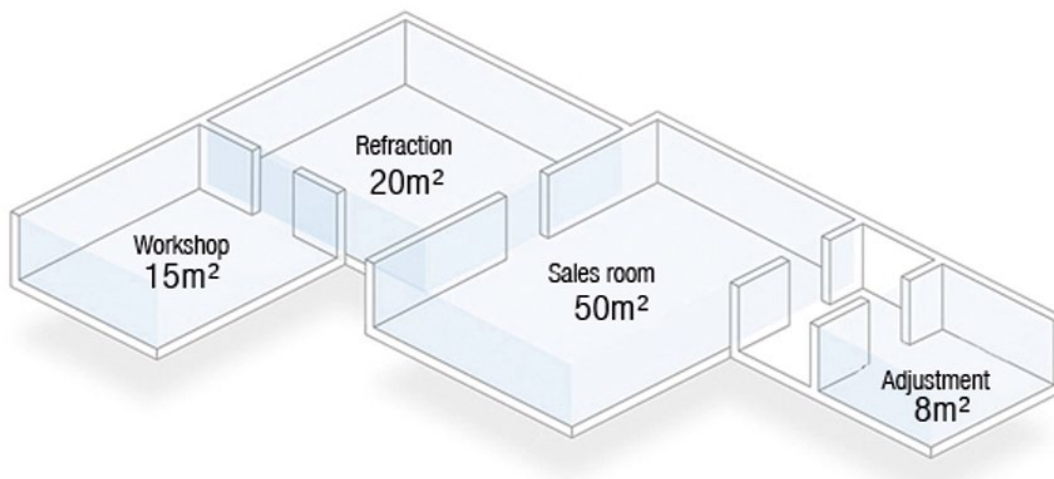

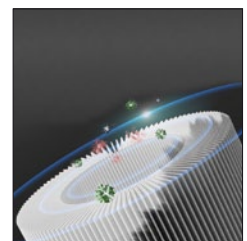

Renew air for 15m<sup>2</sup>

Renew air for 20m<sup>2</sup>

Renew air for 50m<sup>2</sup>

The example graphic shows how long the UVC Air 1.72 air purifier takes to renew the air in different room sizes.

**for room sizes up to 24 m<sup>2</sup>**

### UVC Air 1.24 for room sizes up to 24 m<sup>2</sup>

Air purifier with UVC LED lamp and 2 in 1 filter (pre-filter + HEPA class H13, filter lifetime: 6 - 8 months), working mode: manual

Dimensions: Ø 220 x 338 mm

M2/33.59.01.01 **189,00 €**

Parameters:  
Filtration efficiency for PM 0.3: ≤ 99,97 %  
Air flow rate: 200 m<sup>3</sup>/h  
Volume: ≤ 56 dB (A)  
Output: 25 W  
Weight: 2 kg

TAXIS, RENTAL & COMPANY CARS**

Air.Car

### Air.Car for cars

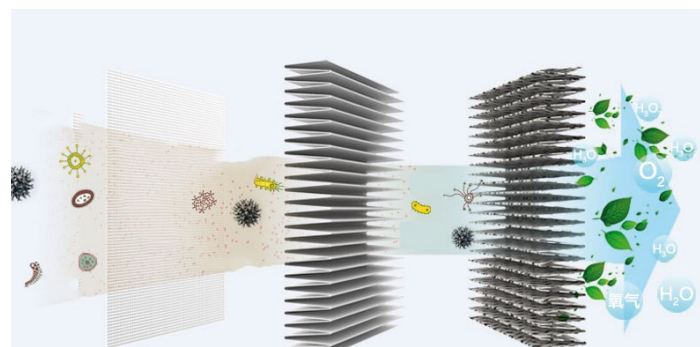

Air purifier for cars  
with 3 in 1 filter (prefilter +  
HEPA + HESA)

Dimensions: Ø 72 x 188 mm

M2/33.59.02.02 **69,00 €**

Parameters:  
Filtration efficiency  
for PM 2.5: ≤ 99,90 %  
Volume: ≤ 35 dB (A)  
Air flow rate:  
approximately 9 air  
renewals per hour  
Output: 5 W  
Weight: 260g

with 3 in 1 filter (prefilter + HEPA + HESA)

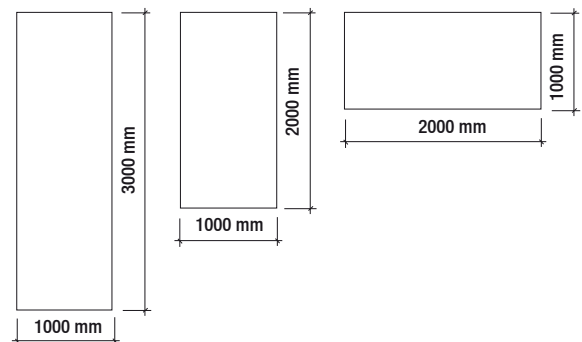

## DISTANCE CARPETS FOR ENTRANCE, RECEPTION, CASHIER AREAS, WAITING ZONES, OFFICES, HOTELS AND MANY MORE

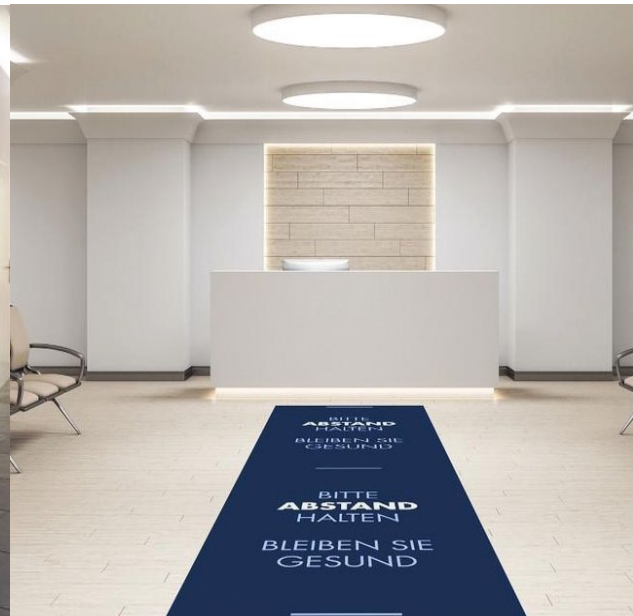

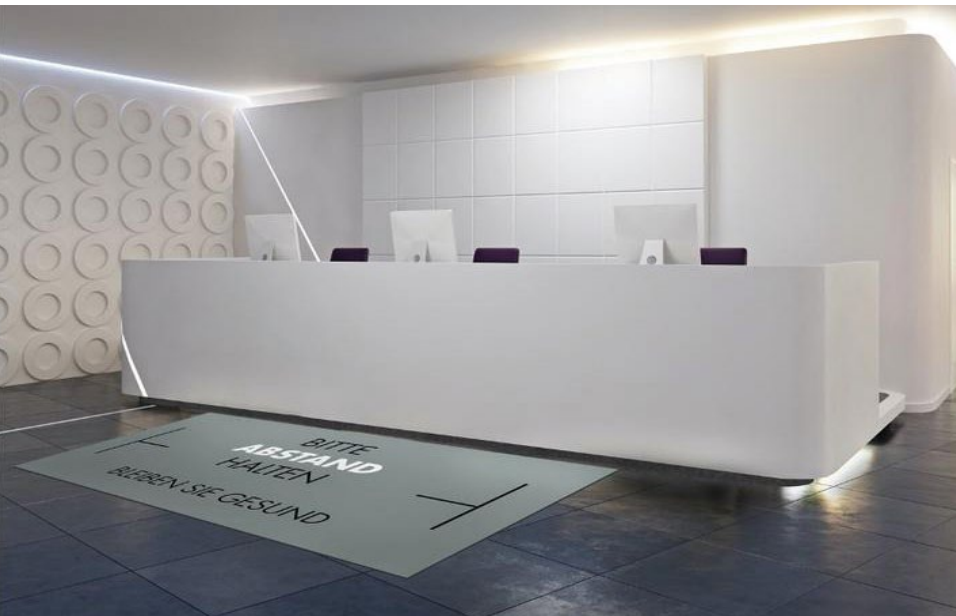

Our distance rugs are the perfect solution for the floors to comply with the distance rules - robust and durable with an easy to understand message for your customers and guests by simple texts and symbols. Available in 3 attractive designs, they are the perfect solution for compliance with the distance rules. Each motif is available in 3 sizes and due to the industrial quality they can also be used as dirt-trapping mats, are machine-washable at 30 degrees and non-slip thanks to rubber backs.

**available in different  
designs, sizes & colours**

### YOUR ADVANTAGES AT A GLANCE:

- ✓ PVC-free - harmless to health & environmentally friendly
- ✓ beautiful, sleek design & high-resolution print quality
- ✓ non-slip & lying flat due to rubber back
- ✓ very high dirt & water absorption
- ✓ suitable for industrial use - specially developed for highest demands
- ✓ machine washable at 30° C
- ✓ large selection: each motif available in 3 standard sizes

**PERFECT SOLUTION  
FOR THE FLOORS  
TO COMPLY WITH  
THE DISTANCE RULES**

**Distance carpet  
Motif 1: BLEIBEN SIE GESUND**

Floor carpet in velour with digital print, available in 2 colours and 3 sizes, with non-slip rubber back. Printed lines indicate the distance 1.5 metres.
